Dear 7<sup>th</sup> grade Cornerstone Parents,

An important part of our middle school is the summer reading program. Reading is an essential life skill. Therefore, CCS wants to help your student maintain their current reading abilities rather than lose them over the summer months. Continuing to read during the summer will further develop fluency, broaden students reading comprehension, and keep their minds engaged.

In preparing for the upcoming school year in our middle school program, Cornerstone requires all students entering grades 6-8 to read and complete a book report over a book selected from the summer reading list. These books have been chosen to prepare your student for literary studies in the upcoming school year. Below are the requirements for seventh grade.

Students must read a book from the seventh-grade summer reading list and prepare a Time Line Poster of the story they read. This poster is **due on Thursday, August 30, 2018**. ***The assignment will be graded.*** Attached you will find the requirements and format for your student's assignment. In addition to reading a book for the time line poster book report, students need to read a book from the author study list. Students will be studying Richard Peck in the early part of the school year, and readers need to be able to give a brief summary of story they read from the author.

If your student has already read stories on either of the lists, it is all right for them to re-read one. Research tells us that when we re-read a story, we can catch foreshadowing that was missed the first time, catch hidden meaning, and even missed plot themes. Re-reading is a very worthy thing.

You can find these books at your local library, on amazon or other online websites. Thank you for encouraging your student to read over the summer and continue to build their reading skills. I encourage you to read these books alongside your student. Doing this can provide gratifying discussion opportunities for you and your student. Enjoy your summer!

Blessings,  
Mrs. Cook
